

Ashley River Creative Arts Elementary School

paving the future

Engraved Brick Paver Walkway Campaign

Exciting things are happening at Ashley River! As you may know, we will open the doors to a new state-of-the-art building on our campus this fall. This first of two phases of construction and renovation celebrates 50+ years of education at our campus on Wallace School Road in West Ashley.

Whether your connections are through Wallace High School, Wallace Middle School or Ashley River Creative Arts Elementary, we invite you to celebrate with us through a special opportunity to put a lasting mark on our school.

A part of our new facility will feature a brick walkway at the school's new entrance. These brick pavers can be personally engraved to help pave the future for generations to come. Please consider purchasing one or more bricks in honor of your association with our school:

- Parent - Have a brick with your child's name or your family name.
- Teacher/Faculty - Honor a mentor.
- Alumni - Dedicate one to your class year.

- Business - Show your support for years to come with a brick in your honor.
- Grandparent - Leave a lasting mark for your grandchild to remember.

Your support helps us celebrate our past and build a solid foundation for the future of arts education in Charleston. Each brick is \$50 and features a one, two or three-line personalized inscription, 15 characters per line. Return the completed order form(s) with a check made payable to Ashley River Creative Arts Elementary. Deadline for brick purchases is Friday May 29, 2009.

For more information, please call the school at (843) 763-1555.

We welcome your partnering with us to help put a lasting mark on our campus and our community.
